

- Q Julia Bishop (researcher)
- Q2 Alex Hetherington (researcher)
- A Serena (mum)
- B Kawsu (dad)
- C Mallison (6)
- D Essa (4)

*C is playing Minecraft on the Switch and showing Q2 how to build a bridge across a gap by placing a block underneath himself while jumping and then placing more blocks across the gap*

C -it's about the same. [Friend's name] can't do it. He just can't do it once. So, I need to go down, up... there we go. Look what I'm doing, do you see how I go up, and then, to that.

Q2 Going across. That's the same way that I've done it with my friend.

C Do you actually own Minecraft?

Q2 Yeah, I play a lot with my friend.

C With your friends?

Q2 Yeah.

C I can't play with friends yet. But you could teach me?

Q2 I think I could, I don't know. I don't play with a Switch, I play on a computer, so it's a little bit different.
