Q2 Wow, you've got a lot better since last time I saw you.

C I know.

Q2 Last time you were just wandering round killing things, now you're building. So this is your house. What's it made out of?

C Errm, light (coloured) blocks, basically.

Q2 Light blocks.

C You just swish that.

Q2 Do you know which any of those blocks are, or do you just pick them....

C Yeah, glass pane.

Q2 Glass pane.

C Red stain glass pane, errm, sandstone, mossy cobblestone slabs, diamond hoe, diamond horse armour, iron door.

Q2 Right, oh good. Did you pick them because of their colour?

C Erm....no, I just like to find stuff. And then I've got brick stairs, and put that there so I go like this. Watch.

Q2 Up the stairs.

C Yeah.
