

Q Julia Bishop (researcher)  
Q2 Beth Nutbrown (researcher)  
A Katie (mum)  
B Matt (dad)  
C Stephanie (8)  
D Saskia (6)

Q I'll record this. So you think this one of Fluffy, that's great.

A Stephanie loves Fluffy don't you? That picture in your photo book.

C Yeah.

Q We've got a bit of everything and put it in. So I hope we do a good job, because you're obviously all the experts on Photo Books, but we'll do our best.

C That's my iPad. So I want that one in. Yeah. And that's the front cover of my...

Q2 So that's the podium where you stand, when you went...

C Yeah.

Q That's been quite a significant thing we felt, because we heard about that from day one, how it all sort of linked to you know quite a long held ambition and all the films that you've watched and stuff like that and what they mean to you. You all quite enjoy Disney don't you?

A It's important to ???

Q Making and things, we've got quite a few different ones of this. Here's one I picked out.

A That's Saskia isn't it with her little bow.

Q Oh what's that one?

A That one, that's on my iPad.

Q I think that's some of your GoPro ones.

C That's my character.

Q Is that one of your favourite games, there's names there. So Esme, do you like...do they suggest the names or do you make those up?

C You make them up.

Q Oh do you? Is that fun? Do you like to make up the names and things? It must be quite fun to say 'oh yes I could be called Esme', or whatever it is. All princesses of this wonderful bow doesn't it, that's a still from the one you're looking at now.

C We ripped ???

Q Has it?

C We got the last voices. Very different.

Q We'll go through them again, it's fine, we're just flicking through at the moment.

A Oh that one you're drawing Fluffy.

Q Do you want to have a look at these?

A Snuggle Bunny Saskia. We've had that book a long time haven't we? I think it was one of them Book Start books that you get free from the library when they were little.

Q Oh yes. Has that been used very frequently then would you say, has it been part of your....

A Yeah. Every time we've had a clear out it's made it, it's survived hasn't it.

Q Yeah that one's a ??? must be, yeah.

A Yeah, and it does take ???

C Yeah with its big head and ???

Q Is it a book/is it a toy, you know it's just got all qualities.

C It's quite thick and it's....it's thick and it's big and it's got that extra soft bit.

Q Stephanie do you often use the Charanga app to practise your cornet?

C Not very often now because I don't normally bring it home, because it normally hasn't ???

Q Yeah you said yesterday in your lesson didn't you that ???

C The music leader's got it and he's cleaning it or I just ???

Q Oh OK. Would you use it more if you did bring the cornet home though, do you enjoy using Turanger?

C Yeah.

Q And do you feel it's sort of helpful, is it fun, does it make practising a bit more interesting would you say? Yeah? Does it help you to learn better using that?

C Yes, so like your tutor at school and then you've also got the website to help you as well.

Q I don't know if you can see some of these. What's this one?

A Saskia's very, very old very smelly hippo I think she's got there. And then the rocking horse one. tepee.

Q The good old tepee, yeah.

A Ah....

Q Bo-bo.

A That's you at your computer Steph. Ooh, talking to Alexa.

Q Yeah, that was a bit of a new development when we came last time wasn't it?

C Yeah, learning your voice, learning my voice. That's what the website was called, Learn My Voice.

Q Oh was it, oh right OK. And we were discovering it was Alexa's birthday or something like that as well. Have you used her much since then....used it much since then?

C Not really. She can still remember ??? use it really.

Q Yeah, but she's learned your voice.

C She's learned dad's as well.

Q Oh right. This is the Sellotape tape dispenser isn't it that you meant from ???

C And I'm doing coding.

Q Oh yeah. Is this part of Roblox?

C Yeah.

Q OK.

C Royale High. I think it's Royale High that one, Royale High costume, I'm not sure.

Q And what does the coding do?

C I think it's just a lesson and you just have to tap on the costume. You've got the code up there and you need to type in the right letters.

Q Right. Have you done coding at school?

C Not yet. We've done a bit of geography.

Q Oh have you, yes. I just wondered if any of the things you've done on here were going to help you at school.

C I think some of them will. But most of them are for all ages. Like in English you get a lecture and you're in the lecture hall and you have to spell different words, and some of them are really hard to spell, like I remember 'anonymous' being one of them.

Q Oh my word, yeah that is a hard word.

C And some of them are like 'beautiful' and stuff like that.

Q Yes. OK. So they're pitched at different age groups whatever the lessons are in a game.

C Yeah. I think ??? there.

Q Ah OK, because that was the one you mentioned earlier that we couldn't find the film of, but we've got a photo of it.

C Yeah. And with my zombie buffalo, and I think I'm going to the camping centre or something.

Q Do you play on that very often? Is it a favourite or anything?

C Yeah I were just playing on it before you came.

Q Oh OK yes so it's definitely a current favourite then. Is that an app that you've got on....

C It's in Roblox.

Q It's in Roblox, OK. You can tell I don't know much about Roblox can't you?

A I like that one.

Q The two of them together....yeah. Bo-bo's learning now I think. Oh no or is it the bear? In the kitchen. Yeah. They're doing a bake-off going on up there. That's a nice one too. Two ??? little face peeping out – how many times have you seen this with all those different expressions on.

C What are you doing? Look.

Q A unicorn one. He features a lot doesn't he in all of these. We'll have to have a Fluffy page I think in this photo book won't we? Ah, Saskia telling us about the different Disney princesses there. This is the book that made the sounds wasn't it? Your cornet – that's a good one, an action shot of you. Or is that colouring in there?

C That's ??? 3D.

Q Ah, that's what it should be isn't it, I'll just save that, put it the right way up. And that one should be this way I think. And that's....oh it's the toy cornet and then you two together. Who is this again?

C Bruce.

Q Bruce. And did he come back from, did he come back from Florida?

C Yeah.

B So did the dinosaur as well.

A Yeah.

Q Just colouring in those lovely things that you had wasn't it, that then washed off. The dolls house. Right, and that's it. That's the folder. So there's 41 in there. So would you like to have a quick....shall we just quickly, we'll go through a tiny bit quicker again.

D That's mine.

Q That's yours with the tablet on.

A Yes you can choose ??? don't worry about it.

Q Oh that's very....??? bigger laptop, it's a wrap around laptop ???

A Yeah.

Q The wonderful Disney scrap book in action.

Lovely golden staircase, it reminds me of Strictly Come Dancing when they all come down in the evening you know, and they all come down.

D Like they come from out the back and down the stairs so that you can go outside. Or you can go up the stairs into that room.

Q Ah right OK. So you make them go up and down the stairs. Because they're big steps aren't they, and with one of those dresses on it's quite difficult.

D Oh toys, toys in the way.

Q Oh is that the one on Stephanie doing the...

C Toys toys photo bombed in the picture.

A Like a parrot.

C I don't remember that.

A You don't remember showing the Snuggle Bunny?

C Snuggle Bunny, yeah.

Q Yeah I think it's a Beth photo there, he was explaining. Stephanie had a working music lesson.

D Rex!

Q Rex, that's right, that photo of Rex. There could be more.

D And that's why I like dinosaurs.

Q Is it, OK. So Rex is why you like dinosaurs? Or you like dinosaurs and that's why you like Rex? Which way round?

D I like dinosaurs because I like Rex.

Q Oh brilliant. He's a good way to get to like dinosaurs.

D That's Hippo.

C Rex isn't necessarily a dinosaur because he doesn't really scare people.

Q2 Do dinosaurs have to be scary?

C Most dinosaurs are scary. Because he's a Tyrannosaurus Rex and all Tyrannosaurus Rex go around eating other dinosaurs, he doesn't really act like that.

Q2 That's true, he's good friends with all the toys isn't he?

C Yeah.

D He acts a bit scared like other dinosaurs.

Q There, you're sellotaping mum's legs. Sellotape is significant in your life, I think we have to have the sellotape one. Stephanie and her coding. Stephanie on that other one, choosing your apps. Mum likes that one of the two of you together I think, that's one of the...

A ??? in your pictures, colour ???

Q Is that one you'd like to have in there do you think?

D Mmm.

Q Yes? OK Saskia, that's a yes.

D And that one.

Q2 Yeah!

Q That one in the kitchen there. I've got to say it because I won't remember otherwise, so I'm identifying them on.... cheeky face in the tepee. Another cheeky face on the bed.

C Books.

Q Yes books.

D And monkey's in the background.

Q Oh and there he is again. He's photo bombing again isn't he. So here's some more of Rex.

D Rex.

Q Yeah there's two more. So which one? Do you remember the first one that you began to speak about him and said that he was why you liked dinosaurs? Which of these three – or do you want all three of the Rex ones?

D I want all three.

Q OK, that saves me remembering which is which. Fantastic.

D Stephanie's trumpet.

Q Yes, shame that picture can't make a noise isn't it? She'll be playing Jingle Bells I now know because I was in her lesson yesterday, it was really good.

C What are you ??? them?

Q It's funny isn't it when you see pictures of yourself?

D Trumpet.

Q You've got your own trumpet, that's right. Not mum's favourite as I remember rightly.

A No.

Q ??? in a picture. And Bruce. Just remind me why he's called Bruce, I don't remember that.

C That's the actual name in the movie.

Q Oh is it Is that Toy Story 4?

Q2 I would say Finding Nemo?

D Yes.

C Yes.

Q2 Is that it? Yeah.

C Yeah, Finding Dory, Finding Nemo.

Q2 Finding Dory as well. Does he make another appearance in that one?

C Yeah.
