D = Child 2 (Samir, boy, 12 years)  
E = Child 3 (Hanif, boy, 8)  
F = Child 4 (Kamal, boy 2)

Q2 Yeah I'm going to record this. So like with these ones that you said like you have played with, how do they make you feel when you play with them?

E I'm not really.....

Q2 No? It's quite a hard question that isn't it? So how often will you play with them? So if we go round like the circle.

E OK. I've been playing this for like 5 hours.

Q2 Yeah. And if you're going to include....

E That's for like 3 months.

Q2 If we're going to include like PlayStation, so if you take this games console to mean sort of just like general like games consoles, how often do you think you play on a games console like say every week?

E Every week, like 1 hour.

Q2 Yeah? That's cool. And what about like when you play Pokemon, you said you didn't play that for very long did you like the Pokemon?

E Yeah I played that for 3 months.

Q2 Yeah, that's cool.

E ??? was playing it so I didn't play it.

Q2 Oh so you stopped playing because no-one else was playing it?

E Mmm.

Q2 And what about....

E And I would play Minecraft a little bit.

Q2 No it's chosen a random place to call it.

- E Minecraft, like 1 hour if I got ??? 1 hour if I get ??? by the teacher.
- Q2 Oh OK, so how does that work at school, like are you allowed to go on....
- E You have to be very good.
- Q2 Oh OK cool, and so is it sort of like a reward for like....
- E Yeah.
- Q2 OK. And do you get to choose Minecraft, or...
- E Yeah, you can choose another ??? as well.
- Q2 Aha, and so what other things can you choose?
- E I choose my friends.
- Q2 Yeah. So is that to like play with your friends, or is that to play like Minecraft with your friends, or....
- E I just play Minecraft and stuff what I like to play on the iPad.
- Q2 And what do you like about tablets and things, what do you like about the tablet and being able to play on that?
- E You have to tap stuff. And I don't like tapping stuff because it might break.
- Q2 Oh OK, so you think they're quite like fragile?
- E Yeah.
- Q2 Ah. But do you like touch screen things, do you think like it's cool but....
- E Yeah. I just touch.....basically I've been....I'll be ??? because that's ICT stuff.
- Q2 Oh OK so have you got these laptops in the ICT suite?
- E Yeah.
- Q2 Are you watching like if the volume goes up on it?
- E Yeah I'm watching....Ahhhhhh.....
- Q2 It's cool isn't it? So like the louder you speak the line on the recording goes like up, so if you're really, really quiet it's going to be smaller. Or if you're silent then it's just a straight line. And it picks up sound from across the room as well. It's pretty cool isn't it?
- E And.....done.
