E = Y6 boy

N = Y6 girl

R = Y6 girl

S = Y6 girl

Q OK so where was I up to with my questions? [Y6 girl S], I was asking [Y6 girl S] about the stuff that you play with. So we were on laptops, laptops? And the iPad?

S Netflix.

Q Right OK. Do you play like any apps and stuff?

S I just play like Snapchat and TikTok.

Q OK, how about you [Y6 girl R]?

R I have a phone ??? CD, and then ??? (inaudible)

Q OK.

R ??? (inaudible)

Q Right OK. How about any like video games?

R I have Fortnite and FIFA. And I've got Minecraft.

Q Minecraft as well. Do you play any apps or anything on the phone?

R Yeah.

Q What sort of apps do you like to play?

R TikTok, Snapchat, Instagram.

Q What about you [Y6 girl S]?

S I like YouTube.

Q Right OK.

S And ??? Fireboy and Watergirl.

Q Right, what's Fireboy and Watergirl?

S It's basically where they're in a temple and you need to get them out.

Q Right OK.

X What is the ???

Q [Y6 boy E], how about you, what sort of devices have you got?

E I've got an Xbox and a Playstation.

Q Yeah.

E I've got a computer and an iPad.

Q What sort of things do you like to play on those?

E Fortnite and FIFA.

Q Right OK.

X What's FIFA?

Q FIFA is football. So how about you then [Y6 girl N]? what do you like to play on?

N I play in the garden, I play and learn sometimes.

Q Right, yeah.

X Educational place.

N My mum ??? (inaudible)

Q Right OK, have you got a....

N I've got an iPad.

Q You've got an iPad, what sort of things do you like to do on the iPad?

N I play with....

X Frederick's? got like all different types of games.

X What, ??? and things?

X Yeah.

N Play the Fireboy and Watergirl. I play all different games.

Q OK, and has anyone got like a Siri or an Alexa?

X Yeah I've got an Alexa.

X I've got a Siri. Once I said to her 'Seri' and once I called her 'Seri'. 'Serio'

Q OK.

X I have an Alexa and I have Siri on my phone.

Q OK.

X I have Siri on my phone.

Q OK, and how about you [Y6 boy E], do you have an Alexa or a Siri?

E I have an Alexa.

Q Right OK. OK so question number 2.

X Was that only number 1?

Q Yeah that was question number 1. The rest of them are not that long. So I'm going to start with you again [Y6 girl S], what kind of play do you like best?

S Well I like to play on my phone because it's got like all different options. But like....I like ???

Q What do you like [Y6 girl R]?

R I like eating.

Q Eating?

R I just sit ??? how lonely I am.

X Have you seen Big Fella?

Q No.

X It's right nice. They put a stick on top of a burger.

Q Right. Is that an actual thing?

X Yeah.

Q OK. So why do you like playing....[Y6 boy E] how about you, what kind of play do you like the best?

E I like to play on my Xbox.

Q Right OK. And why do you like playing on the Xbox?

E Because I've got loads of different games on it and I can choose different ones.

Q Right OK. And how about....I'm getting all confused with my questions now. So do you think about playing on your phone for example, like when you're not playing on your phone?

E Not really.

Q Not really, no? [Y6 girl R]?

R I don't really know.

Q OK. [Y6 girl N]?

N I love dancing.

Q You like dancing do you? Do you like football?

E Yeah, I play for ??? Academy.

Q OK.

N Well I like watching people's TikTok. [Y6 girl R] has TikTok and it's very nice.

R Thank you.

Q What about you [Y6 boy E]?

E I don't really.....

Q If you're not playing FIFA you're thinking about it?

E No I don't really.

Q No?

E Well normally when I'm not on my phone like I'm Academy training.

Q Right OK, what's Academy training?

E Football. Or I'm doing swimming, because I'm a good swimmer.

Q OK, so you're sporty.

E Kind of.

Q OK.

E I'm not that sporty.

Q You're not that sporty. So question number 3 is, what types of technology do you think is best for playing with other people?

X I like Nintendo Switch, that's got a lot of people.

Q So why do you like playing Nintendo....Nintendo what, is it Quick?

X Switch.

Q Switch. With other people?

X Yeah.

Q Why do you think that?

X Because like there's all different types of games that you can play with like...I like to play it with my cousins.

Q Right OK.

X What's the question?

Q What types of technology do you think are best to play with other people?

X Oh I think for learning, for learning ???

Q Quiet is good.

X We should get a laptop ??? no Alexa's not good, she's bad.

Q Right OK. So you think having a laptop is good for....

X Alexa's really bad.

Q Right. But do you think having a laptop is good for playing with other people? Yeah?
No?

N Yes.

Q No [Y6 girl N] says yes, tell me why?

N First thing, it's big and people can see the screen.

Q Right OK.

N And iPads are good, but if you ??? and it's boring, so that really ???

Q OK.

N I like sharing but.....but the computer you can? share because you can see it and if we're playing like Fireboy and Watergirl I stand right there and my friend stands right there,

she plays Fireboy and I'm Watergirl. Because the arrows go right here and the letters are here. So we have ???

Q OK. [Y6 girl R] what do you think?

R I think like probably Xboxes because you have like a microphone. And like me and [Y6 girl S], well we don't live far away but when we're not together like we communicate over Xbox with the mikes.

S Or we go round to ???

Q Right OK, so you think Xbox is good for playing with other people.

R Yeah even because you could just call someone on the computer.

Q OK [Y6 boy E], what do you think, what sort of technology do you think is good for playing with other people?

E I think Xbox and Playstation because you can talk to each other because there's a lot of games what you can play together on and what you can go online with a lot of people.

Q OK. So next question, [Y6 boy E] I'm going to start with you. Do your parents ever play with you, like when you play on FIFA for example?

E Yeah.

Q And can you tell me a little bit more about that, like when do you play with them?

E I usually play every night.

Q OK, and would that be like after school?

E Yeah.

Q And how about at weekends?

E Yeah ???

Q What sort of things do you do while you're playing with your mum and dad?

E We usually just play FIFA.

Q Just FIFA?

E Yeah.

Q OK. [Y6 girl N], go on.

N I play with my mum not my dad because he's always at work.

Q OK.

N Only Wednesdays he doesn't work.

Q OK. And what sort of games do you like to play with your mum and dad?

N So my mum, she plays with us hide and seek, which is really boring but it's nice with her.

Q Yeah. And how often do you play with your mum and dad then?

N We don't play that much.

Q OK.

N Well we don't play now all together.

Q OK. How about you [Y6 girl R]?

R I'm not going to like, like I don't really play with them that much. Like I don't really....I spend time with them like when we go out and that but I don't really play with them at all.

Q OK. How about you [Y6 girl S]?

S Sometimes.

Q Can you think about when?

S Well sometimes my dad comes in my room and he'll watch me ??? and sometimes, not really like online but me and my mum go swimming together, because my mum enjoys swimming and so do I so we go to ???

Q OK. And do you ever play like any sorts of games with them then, not necessarily online, it could be just a board game?

S Well I play with my nan and grandad, we play games, he always wins actually ??? And then this weekend I played dominoes with my dad, and we played cards, because me and my dad we always play cards on holiday. And I was bored so I was just like 'let's just play cards'.

Q OK. [Y6 girl N]?

N My dad always plays with us but my mum doesn't.

Q What sort of games do you play with your dad?

N So we go like this first thing, we put our hands on our back and then someone needs to hold dad's hand ??? and I just am the champion at that game. Because he always knows who holds him.

Q Right OK.

N And he even....once I tickled him on his feet.

Q You tickled his feet?

N Yeah, because he's not ticklish anywhere. And then when I tickled him he came and he tickled me, and it wasn't really ??? I hate tickling, it was funny.

X Me and my dad sometimes play ???

Q OK.

X ??? (inaudible)

Q Oh right OK. Next question. So do any of the games that you play ever relate to something that you've seen on television, or something that you've seen like in a computer game, also YouTube?

N Yeah.

Q Go on [Y6 girl N].

N So....what was the question again?

Q The question was, do any of the games that you play, do they ever relate to something that you watch on TV, or like a computer game, or to something that you've watched on YouTube.

N So another game, it was called....no, I read a book, and then it was called Andy? and the Alien, it can ??? because the alien, his rocket crashed....

X Are you on about ET?

N No.

X He didn't have a rocket.

Q Go on.

N OK. And then I saw it on Netflix the following week. And in Curious George, it's a cartoon movie, it's a cartoon episode on YouTube and then it's a movie at the same time.

Q So do you ever recreate anything that you've seen on like Curious George then?

N Yeah.

Q Like what sort of things?

N Storyboard.

Q Storyboard?

N Yeah, it's called Storyboard. We did it in the class and I sometimes do it at home.

Q OK. [Y6 girl R], go on.

R What was the question again?

Q The question was, do any of the games that you ever play related to something that you've seen on TV, or in a computer game, or on YouTube?

R The things that ??? especially football, like I love watching football and like it makes me so inspired and I want to do like all the time.

Q OK. Why does it make you feel inspired?

R I just like love it, like seeing the players like when they score so happy and....

Q OK. So do you ever like try to copy them while you're playing?

R Yeah.

Q OK. [Y6 girl S] how about you?

S Well....so I kind of mess with my dog. Well I sometimes, I watch like Vet programmes and like them injecting like dogs. And I do it, my dog's called H___, he's ??? and he's like laying down and I get a rubber ball and have a look inside his mouth.

Q OK.

N Oh she's got a dog. [Y6 girl S].

Q OK. How about you [Y6 boy E]? Do you like, you know when you watch something on TV do you like ever recreate anything that you've seen on TV?

E No

Q Not even in a computer game or like on YouTube?

D Not really. No, because I don't really go on YouTube.

Q Right OK. OK that's fine. [Y6 girl N]?

N I see YouTubers. But I've got the best YouTuber ever.

Q OK.

N Do you agree with me or not? Piper Rockelle.

X Pardon?

S No.

N Do you know who it is [Y6 girl S]?

S Yeah, she's got brown hair and she's a teenager.

N Yeah, she's really pretty. And she's been at ??? family.

S The what?

N The Ace? family. I hate the Ace? family.

S Same.

Q The who?

S Ace? family.

Q I don't know who they are.

N He always does disgusting things. Especially like....

Q But you ever like recreate anything that you've seen that they do?

N No. I once copied Piper Rockelle's dancing on TikTok.

Q Right OK.

N And.... I've forgotten what I was going to say.

Q OK....about TikTok?

N No.

Q Piper Rockelle?

N No.

S Ace? Family.

N No.

S I think like all....everyone, I don't know, it's like everyone loves a certain person and they always copy them.

Q OK.

S Like they want to be them.

N I remember my first day here. I was in Year 5, yeah. And the first person I met was [Y6 girl R].

Q OK, right.

N And then [Y6 girl S].

S And then something happened.

Q What happened?

N I don't know what happened.

S Yeah you do.

N No I don't.

X What happened [Y6 girl S]?

S ???

N Oh! [mentions two other girls' names]

X I get it.

Q OK, shall we do another question?

All Yeah.

Q So, let's turn that....no it's this one. So what kind of play with technology don't you like? [Y6 girl S].

S Yeah I hate Samsung.

Q You hate Samsung, why?

S They're a rip off.

Q Right OK. Any sort of reason with regards to play?

S Just go to [Y6 girl R].

Q [Y6 girl R], go on.

R Can it be like a game or something?

Q Yeah of course it can.

R I really don't like....what's it called now...

S Don't say Minecraft.

R Candy Crush, because it's taken over my mum's life and she ???

Q Right OK. Have you ever played that?

R Yeah.

N You love Candy Crush?

R No I don't like it.

N Why?

R My mum spends a lot of time on it, and it's like I don't really get to talk to....I get to talk to her but it like limits the time a bit because of this game, it's a bit addictive.

Q Right OK. [Y6 girl S], can you think of....

S No.

Q How about you, any sorts of technologies that you don't like?

N I hate, hate, I hate, hate, hate, hate, hate.....

X [Y6 girl S].

N No, why would I hate [Y6 girl S]? I hate phones.

Q Why do you hate phones?

N First thing, erm....no first thing, because if we actually....so if someone died in our family and people call us 'your thing just died'...

X Your 'thing'?

N No, any part of your family just died, OK. And then it's just worrying, that's why I hate them.

X But you find them out eventually anyway if it's not even on the phone.

Q [Y6 girl R]?

R It's something to do with like Orlax and like everything and cyber bullying.

Q Right OK.

R I hate cyber bullying.

N What's cyber bullying?

R It's when....we watched like a video on it.

S It's online bullying.

N Oh. I thought cyber bullying was ???

Q [Y6 boy E] what do you think? Any sorts of technology that you don't like to play with?

E No.

Q Nothing that you can think of?

E No.

Q OK.

N Is it recording?

Q It is recording, yes.

S Are you sure, because we might have to do this again.

Q No I am absolutely positive that it is recording.

S OK.

Q Why?

S I don't know.

Q It will be fine, don't worry. So next question, number 7, do you ever create any sorts of films or music or any other sort of other content for YouTube?

S No.

Q [Y6 girl N]?

N So. I create this, it's called, I don't know what it's called but I dance on it so much and I sing.

X Is it Just Dance?

N Yes it's called Just Dance. And this singing on it, it's karaoke.

Q OK, and do you post that online?

N No, never ever.

Q Right OK. But do you ever film yourself?

N No.

Q OK. [Y6 girl S], go on.

S Well TikTok is when you're lip syncing.

N And dancing.

Q And do you ever film yourself then?

S Yeah sometimes.

X Everyone does.

Q Is that on your phone?

S Yeah.

Q And do you ever post that online?

N And you could have it online.

Q What sort of things would you post then?

S Just like when you video your like dances or....

N Pranks.

S Yeah.

Q OK, [Y6 girl R] how about you?

R I tend to post like videos of my dog on TikTok.

Q Right OK.

N I saw your dog on TikTok, he's so cute.

Q And then [Y6 boy E], how about you?

E No I don't really post on TikTok or YouTube.

N Do you not have TikTok?

E No I don't.

Q OK that's fine, you don't have to have TikTok, I don't have TikTok. In fact I only learned about TikTok last week. Last week yeah, when I was talking to the Year 5s. They told me all about TikTok and I was like 'oh I don't know what this is'. So you guys are all ahead of me. OK. And has anyone got Instagram?

X No.

Q So [Y6 girl N] has got Instagram?

N No I haven't, but on my mum's phone. My mum has a private Instagram and I always take her phone and go like ???

Q OK.

S Lovely.

Q [Y6 girl R]?

R I have Instagram, which is very like private and I don't really post on it.

Q OK.

S Yeah you do.

R No I don't.

S Liar.

R I deleted them all.

S Oh.

Q [Y6 girl S], how about you?

S No.

N My cousin.

Q [Y6 boy E]?

E I don't have Instagram.

Q You don't have Instagram. And has anyone got Snapchat?

N Yeah.

Q So [Y6 girl N]'s got Snapchat. [Y6 girl R] has, and [Y6 girl S]. [Y6 boy E] – no? [Y6 girl N], go on, tell me about Snapchat.

N So my mum always shouts at me because I always take her phone and a picture and I don't care. And she shouts at me because.....so I always do dancing and singing, and I always take photos on my mum ???

X How should I draw ???

Q Whatever you like 'technology'.

X How do you spell it?

Q It's T.....

X Wait, I have been ???

Q You need to put 'play' and have you got 'learning'?

X Yeah.

Q That's alright, you can still fit 'technology' on there. So it's T-e-c-h-n-o-l-o-g-y.

X I think mine's still bad, I don't like it.

Q What, do you want to start on the other side? You can do.

X I think I'll just carry on, it's fine.

X It looks good.

X I'm not going to fit 'technology' on it.

Q You can fit that in there. o-l-o, you just need to put a 'g' and a 'y' in there.

E This is so bad.

X I don't like it.

Q Why don't you like it? What are you not liking?

X All of it.

Q All of it? Do you want another piece of paper?

X Yes.

Q OK.

X It looks good.

Q Now I don't have loads of other pieces of paper, I've got one or maybe two. There you go.

X I just can't be bothered to re-start so I'm just carrying on.

Q That's fine, you don't have to re-start. Right OK. So where were we up to, where were we up to?

E Question 7.

Q Question 7, yeah, Snapchat. So who plays with filters?

R Me.

E What's filters?

Q OK and what's your favourite filter?

R Probably the dog one.

Q Right OK, so [Y6 girl R] likes the dog. [Y6 girl N], which one do you like?

N My mum hates the dog. She says that it's like I'm turning into a dog.

Q OK, and which one do you like best then?

N I love that one when.....I love that one that has freckles on and glasses. I love it so much.

Q [Y6 girl S]?

S I like the one with glasses and the leaves? are falling down and you get freckles.

Q Oh right, OK. [Y6 boy E], you were asking me a question.

E What are filters?

Q Filters are like on Snapchat where it puts like something on your face.

E Yeah, I do do that on my mum's phone.

Q You do do that on your mum's phone? Which one do you like best then?

E I don't have a favourite.

Q You don't have a favourite, you don't do it that often?

E No.

Q OK. Are you ready for the next question?

X Yeah.

Q So the next question is....I can't even find it....so do you ever get bored while you're playing with digital toys?

X Yeah.

X What?

Q [Y6 girl R]?

R I get really bored because like I'm on it most of the time because I don't spend that like....I don't know if it sounds like a bit weird but I don't really spend that much time just sat like with my family. Like I know I did yesterday and stuff but in general, like they're either working and stuff or shopping.

Q OK, so is that the reason why you think you get bored, because they're not around?

R Yeah. I like leaving the house and like playing out with my friends, but it's like your family, they're always there but in reality like sometimes they're not.

Q OK. [Y6 girl N]? Do you ever get bored playing with digital toys?

N Yeah.

Q OK, can you tell me a bit more?

N My mum is always on the phone.

Q Yeah.

N Well not always on it but she's always cleaning and sometimes she goes out with her friends, just so that she goes ??? And I just stay bored. But my dad stays with us and we watch movies and ??? We watched a language, he wants us to learn another language, and I hate it.

X What language is it?

N Arabic.

X Arabic? Oh.

Q OK. How about you [Y6 boy E]?

N I like Arabic but.....

X Do you not really get it?

N No.

Q Any times that you ever get bored with like digital toys, or like outside or...

E No I don't have digital toys.

Q Right OK. How about when you go outside?

E Sometimes.

Q OK. What sort of games do you get bored playing?

E I usually get bored of playing board games.

Q Right OK. Why do you think that might be?

E I'm not sure.

Q OK. And then [Y6 girl S], how about you, do you ever get bored playing with your toys or any digital toys?

S Yes.

Q OK, tell me more.

S Well I get bored watching telly, you literally just laze there doing nothing. And then..

X It's right boring.

S And then I don't really like going on my phone too much so....well I kind of like going on my phone because I've got this app and it teaches you Spanish.

Q Oh right OK.

S So I usually write that down and I learn Spanish because I've got to because my mum and dad want to teach it. So I've got to learn how to do it and then I've got to teach them.

Q Right OK. [Y6 girl R]?

R Thingy. And I also get bored like, because I have my brother but I always want to talk to him but he never wants to talk to me. And it's like...

X You've got ???

R I know but he always like tells his girlfriend to come with him and that. And it's like he's always upstairs or like he won't talk to me. It's like ???

Q OK, so you feel bored when you get ignored. OK. Next question, we haven't got many to go now. So do you think there should be any limits on how long children play with technology sorts of toys?

S Yes.

Q [Y6 girl S], go on, you sound very sure about that?

S Yeah because if they go on it for too long they'll just get addicted, and then if they addicted then they'll literally....if they have kids they'll learn the kids how to do it because they're just doing it themselves. So if they're doing it it's going to just pass along and pass along. Like sometimes people go like 'oh this is a cool game, try it' and then it gets like a big tick because you love it so much.

Q OK. So how long do you think there should be a limit on playing with technology sort of toys then?

S Well all day, I think it should be like 5 hours.

Q Max?

S Yeah.

Q Right OK.

S But it doesn't count if you're phoning someone.

Q OK. How about at the weekend?

S A weekend?

Q Would that change for you?

S Well yeah it would change, because like it's the weekend, you're not at school. But like I think there should be a limit, like there should be a time when you should start and where you should end. Because like if you're watching it and then go to bed, you can't get to sleep because like you've been on electronics for too long.

Q OK. [Y6 girl R]?

R I think it depends. Like sometimes when you haven't really got a family to talk to you or...I know I've got a family that talk to me but there's a lot of people that probably don't, and I think if your only place like that you can go where you actually feel like you can talk to someone, then technology is probably the best place ???

Q OK. What do you think [Y6 girl N]?

N What was the question?

Q The question is, do you think there should be any limits on how long children play with technological toys, so digital toys?

X What else should I do?

Q You can just draw if you like. Go on [Y6 girl N]?

N So I would say....I don't even have any Xboxes or....

Q OK.

X You have two laptops though and an iPad.

N Yes well I hid something for my parents. I do play the ??? but Roblox but they don't know I'm playing.

Q Right OK.

N I'm hiding it from them.

X You shouldn't be hiding it.

N Because I never, ever play.

Q OK.

N I deleted it.

Q You deleted it?

N Because they don't know.

Q Oh.

X Sure. That's sad.

N Yeah.

Q [Y6 boy E]. Oh go on, finish off [Y6 girl N].

N And my mum still she plays this game and I like to play because it's 12 and above, and she plays it every single day, and they always tell her....I don't know what it's called, ???

E What's it called?

N And it ends with a 'P'.

E It ends with a what?

N It ends with a 'P'.

E What does it start with?

N A 'T', that's what I just said.

E 'T....P', how many letters has it?

N Can I just speak please [Y6 boy E].

E Yeah alright, go on.

Q Yeah go on.

N And then I always tell her 'I love to spend time with you' that's when I don't do something, we do that game of ??? And in the theory, you know theory dragon, the theory yeah, she always stays on it.

Q OK.

N I am allowed to play but not always stay on it.

Q OK. [Y6 boy E] how about you?

E What was the question?

Q Any limits on how long you think...

N Wait is this going to be sent to the parents?

Q No.

N Oh thanks guys.

Q Do you think there should be limits on how long your children play with technological toys?

E No I don't think there should.

Q No? Why do you think that?

E Because when people don't play on it they might not have anything else to do, so I don't think there should be any limits because people won't have anything else to do, they might not have anything else to do if they don't go on like their Xbox or their phone.

Q OK. [Y6 girl S]?

S Well actually I'm half and half, because people might think like ??? if they've got nowt else to do and they might like go off a person if like they're not having fun. They might like start feeling depressed if they're not having fun.

Q Right OK. Alright. The next question, can you think of any toys that you would like to be invented that have not been invented already? [Y6 girl R]. That have not been invented.

R Like....probably a phone that never dies. Because when you need to phone your parents and that like when you go out like.

Q OK, do you think that would be important?

R Yeah.

S No.

Q [Y6 girl S] thinks no. [Y6 girl N], what do you think? Any sorts of toys that you think should be invented that haven't been?

N I think there should be....so I think there should be these toys where we put something on like that....

Q Yeah, virtual reality?

N Yeah.

Q That's already invented.

Phone rings

N Oh yeah. They could....they could...we could get those iWatch watches that actually have a flash light.

E What?

N Watches. We can call, we can have pictures, we could have Snapchat, we could have TikTok....

E They're already a thing.

Q OK.

N With flash lights.

S Yeah but you can't have TikTok and Snapchat on it.

E You could couldn't you?

S No.

Q No I don't think.

N With flash lights.

Q Right.

N And even you could get multi-coloured if you want.

Q OK. [Y6 boy E], how about you, can you think of any toys that you think should be invented that haven't?

N Did you call him iPhone?

E What?

N No, she just called you iPhone didn't she?

Q No, [Y6 boy E].

E Oh my gosh! No I don't think they should.....actually yeah. I think there should be like firms? what you can have as many games on as you can, because all the firms you're only allowed like a certain amount of firms and they say your storage is out, so you have to delete quite a few games to only get one.

Q Right OK. [Y6 girl S], what do you think?

S Well I don't think we should make some more, I think we should get rid of some.

Q Right. Last one.

E What?

N Why?

S It's just like some of them, they're like not needed, like more phones, like iPhone11, why has it got to be a camera, why does that need to be a thing.

Q OK.

N Yeah but I like iPhone11, it looks good.

E You've got one?

N No, my brother has one. The camera is so good.

Q Right. Are you ready for the next question? Do you have anything else you want to say about your play and how you use technology? [Y6 boy E]?

E No.

Q [Y6 girl R]?

R I think that there should not be age limits on things. Because I think if you use something safely then that's fine, if you're not going to use it safe then don't get it.

Q OK.

R You might not know what it is like.

Q [Y6 girl S] what do you think?

S I disagree with [Y6 girl R]. Because what if there's like....they don't know what it's about and it's not telling them the real story. Like it might be in the wrong case, like it might be like a unicorn thing and then you open it and it's like ???

R Yeah but when has that ever happened?

S You don't know.

Q So you think the PEGI ratings are useful?

R Yeah.

Q OK, [Y6 girl N].

N I agree with [Y6 girl R].

Q Right OK.

N Because actually she said that there's.....

R There shouldn't be age on the ???

N Yeah. And well why would we have age limits?

R Because you might not know how strong the language might be as well.

Q It might be for safety, and like maybe things are a little bit too scary for younger children.

R Yeah like Fortnite.

N My sister bought a 24 and above....

E And how old is she?

R Because sometimes you can interact with people you don't know, and they know what age limit is so they might know what language they can do.

Q Yeah.

E But the thing is, you know if you download it then you're willing to take that risk.

N Yeah.

R Yeah but you don't know what type of people could be on that app.

N Actually that's her opinion.

R What?

N Is that her opinion?

R It's my opinion.

Q OK. Anything else that anyone wants to say about that? No? Finally, last question, and we've got like two minutes, or two or three minutes. So what do you think about LEGO toys and like lots of other LEGO things like the bags, the films....

N I'm not really into LEGO.

Q Or Legoland, mini figures? Has anyone got any LEGO that they play with?

E No.

Q [Y6 girl N]?

N LEGO? How do we build it first thing? It's really hard and I'm not really into LEGO.

Q OK, that's fine. [Y6 boy E]?

E No, I've got LEGO but I don't really play with it because I get bored with it after....

Q Right OK, what sort of LEGO do you have then?

E I have like the Star Wars sets what you can build, and Avengers.

Q And you know when you're building those then do you follow the instructions or do you like to build it yourself?

E I follow the instructions.

Q Right OK. And you know when you've built the toy, do you ever take it apart and then re-build it?

E No.

Q [Y6 girl R]?

R I think, on LEGOs they're in Braille. So if you're blind but you still want to play with LEGO because it's like the thing, they should do Braille on it.

Q Oh that's good.

E But there is kind of Braille ??? on the top isn't it?

Q OK, [Y6 girl S]?

S I think that LEGO's not a great thing because it gives me frustration.

Q Right OK.

S Because like you build a tower and then the top piece, it just like breaks it up. Like once I did a three-stack and I put the first one on and it just fell and it broke.

Q Oh right OK. So how about like online LEGO, does anyone ever play online LEGO?

E What's that?

N Oh yeah, yes!

Q Like a video game.

E Of LEGO?

Q Yeah.

E No.

Q [Y6 girl N]?

N I do this game, I don't know what it's called, it's a really hard thing to do. But we get to take this LEGO, take this LEGO, but if they fall we're losing. It's called Junk Pile.

E On Sundial.

N Yeah.

Q But is that LEGO?

N No.

E No.

Q Right OK. And how about, has anyone ever been to Legoland?

E Yeah.

Q What did you think to Legoland?

E It was quite good.

Q You enjoyed it?

N Is it in Disneyland?

Q No.

E No it's in London.

N London?

E It's in Windsor, sorry.

N Wensley?

E Windsor!

N Oh!

Q [Y6 girl R], have you ever been?

R No but I'm going.

Q OK. And how about you [Y6 girl S]?

S No.

Q No, you've not been?

E I think it's a bit babyish Legoland?

S Yeah it's quite babyish.

Q It's what sorry?

S Quite babyish.

Q You think Legoland's babyish?

E Yeah I think because there aren't a lot of big rides, I think it's just like for small....

S Yeah, like teacups and things.

Q OK.

E Yeah, and like a submarine and it's like....

Q Right. [Y6 girl R]?

R I think....I think like it depends, like they should have different types of LEGOs for different ages, and like football LEGOs. But I think a lot more people would use them if they were like easier. Like the instructions, they just show pictures but I think they should use words as well like because it's reading at the same time.

Q OK. Very good guys.

S Yeah but they might not work from reading.

R ??? LEGO then.

Q OK, right, that's all my questions, so thank you very much for helping me out. I'm going to press stop.
